

To Whom It May Concern:

Bethany Sanderson was a student volunteer who assisted with media coverage of a homeless event that was held in Jackson Michigan on November 20th 2009. Bethany attended planning meetings as well as met with myself to clearly communicate expectations of the media crew for the event.

As a student volunteer Bethany organized the camera crew for the event. She also utilized the free space of the facility that was being used to conduct interviews with clients who received services at the homeless event. Bethany was very professional in her relationships that she built not only with the clients and community members but also with the businesses that were represented at the event.

Some of her strengths are that she works well in a team setting as well as an individual. She is very reliable and has excellent work ethic. Bethany has a delightful personality and treats everyone with respect and dignity. She excels in communicating progress, and clarifying expectations and any problems that may arise during a project. I would consider it a privilege and an honor to work with Bethany in the future.

I believe that she would be an excellent candidate for any job endeavors that you may have. Please feel free to contact me at the number listed above. Thank you for your time.

Sincerely,

Megan Springer
